Gigi can't say no to anybody seeking refuge from the storm on a wintry evening. She can't say no if the fellow's eyes plead with her for a bite of food. She can't say no to those frostbitten ears mutely pleading for a warming drink. She can't — and want' — say no to most any reasonable request, even if it isn't spoken aloud. She's good-natured and the kind of person who can never turn down another human being who needs a favor. But Gigi doesn't favor wolves. To them she says na with a wallop!
